Sara Mansouri

Junior Full Stack & Frontend Developer

sara.mansouri@example.com | +33 6 12 34 56 78 | Paris, France | github.com/sara-dev

Professional Summary

Passionate and dedicated Junior Full Stack Developer with specialized expertise in React, Next.js, TypeScript, and Express.js. Demonstrated track record of building performant, responsive web applications and integrating RESTful APIs. Eager to contribute strong problem-solving skills and clean code practices to an innovative frontend engineering team.

Technical Skills

Frontend: React 18, Next.js 14, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Redux Toolkit
Backend & APIs: Node.js, Express.js, REST APIs, JSON Web Tokens (JWT), basic MongoDB
Tools & Practices: Git, GitHub, VS Code, Agile/Scrum, Vite, Postman, Jest

Key Projects

DevConnect - Collaborative Developer Network

Next.js, TypeScript, Tailwind CSS, Express.js, REST API | 2024

• Built a responsive web platform allowing developers to share project portfolios and discover teammates.
• Architected frontend with Next.js App Router and TypeScript, achieving high Lighthouse performance scores.
• Integrated secure RESTful API endpoints built with Express.js and JWT authentication.

TaskFlow - Real-time Kanban Workspace

React, TypeScript, Redux Toolkit, Node.js | 2023 - 2024

• Developed an intuitive drag-and-drop task management interface using React and custom hooks.
• Implemented state management using Redux Toolkit to maintain seamless offline-first capability.
• Wrote unit tests for components using Jest and React Testing Library.

Education & Certifications

Bachelor of Science in Computer Science

University of Paris-Saclay | 2021 - 2024

Relevant Coursework: Web Architecture, Software Engineering, Algorithms, Database Systems.

Meta Frontend Developer Professional Certificate - Coursera (2024)
